beta−1,3−galactosyltransferase activity (GO:0048531)
interleukin−1 receptor activity (GO:0004908)
fucose binding (GO:0042806)
UDP−N−acetylglucosamine transmembrane transporter activity (GO:0005462)
bis(5'−adenosyl)−hexaphosphatase activity (GO:0034431)
bis(5'−adenosyl)−pentaphosphatase activity (GO:0034432)
diphosphoinositol−polyphosphate diphosphatase activity (GO:0008486)
endopolyphosphatase activity (GO:0000298)
galactosyltransferase activity (GO:0008378)
double−stranded methylated DNA binding (GO:0010385)
malate dehydrogenase activity (GO:0016615)
cobalamin binding (GO:0031419)
nucleotide receptor activity (GO:0016502)
acid−amino acid ligase activity (GO:0016881)
leucine binding (GO:0070728)
extracellularly ATP−gated cation channel activity (GO:0004931)
gamma−aminobutyric acid transmembrane transporter activity (GO:0015185)
muscle alpha−actinin binding (GO:0051371)
ATP−gated ion channel activity (GO:0035381)
procollagen−proline dioxygenase activity (GO:0019798)
pyrimidine nucleotide−sugar transmembrane transporter activity (GO:0015165)
coreceptor activity involved in Wnt signaling pathway (GO:0071936)
cAMP−dependent protein kinase inhibitor activity (GO:0004862)
intramolecular transferase activity, phosphotransferases (GO:0016868)
potassium:chloride symporter activity (GO:0015379)
uridine−diphosphatase activity (GO:0045134)
guanosine−diphosphatase activity (GO:0004382)
